PDF | "N" is for Noose: A Kinsey Millhone Novel

by Sue Grafton
Kinsey Millhone should have done something else--she should have turned the car in the direction of home. Instead, she was about to put herself in the gravest jeopardy of her career.

Tom Newquist had been a detective in the Nota Lake sheriff’s office--a tough, honest cop respected by everyone. When he died suddenly, the townsfolk were saddened but not surprised: Just shy of sixty-five, Newquist worked too hard, smoked too much, and exercised too little. That plus an appetite for junk food made him a poster boy for an American Heart Association campaign. Newquist’s widow didn’t doubt the coroner’s report. But what Selma couldn’t accept was not knowing what had so bothered Tom in the last six weeks of his life. What was it that had made him prowl restlessly at night, that had him brooding constantly? Selma Newquist wanted closure, and the only way she’d get it was if she found out what it was that had so bedeviled her husband. Kinsey should have dumped the case. It was vague and hopeless, like looking for a needle in a haystack. Instead, she set up shop in Nota Lake, where she found that looking for a needle in a haystack can draw blood. Very likely, her own. "N" Is for Noose: a novel in which Kinsey Millhone becomes the target and an entire town seems in for the kill.

"Suppose we could peer through a tiny peephole in time and chance upon a flash of what was coming up in the years ahead?" The questioner is Kinsey Millhone, middle-aged, two-time divorcée detective and junk food junkie star of Sue Grafton's popular "alphabet" mysteries; the book is 'N Is for Noose' If Kinsey had had just a smidgen of foresight, she would never have taken her current case, handed down to her from her on-again, off-again flame and comrade in arms, Robert Dietz. We encounter the two this time out after Deitz's knee surgery, as Kinsey drives his "snazzy little red Porsche" back to Carson City, where she checks out his digs for the first time. To her surprise, he lives in a palatial penthouse, which--under the unspoken bylaws of investigative etiquette--she qualmlessly snoops through. They sit around for a fortnight playing gin rummy and eating peanut butter and pickle sandwiches together, but perennially single Kinsey grows wary: "It was time to hit the road before our togetherness began to chafe."

She heads off to meet Dietz's former client, Mrs. Selma Newquist, a devastated widow whose makeup tips seem to come from Tammy Faye Baker. Her husband Tom Newquist, a detective himself, had been working on a mysterious case when he abruptly died of a heart attack. Selma suspects foul play, but bless her, she isn't the brightest star in the sky and can't figure out what Tom was working on even though he's left behind enough paper to fill a recycling truck. Kinsey digs right in and roams the sleepy, one-horse town of Nota Lake for clues, interviewing a colorful cast of in-laws and locals. Beneath the quaint, quiet, country veneer, she unearths a bubbling hotbed of internal strife and familial double-dealing. Was Tom covering up for his partner? Is Selma protecting someone? Grafton's knack for gritty details and realistic characters ("[Selma's] skin tones suggested dark coloring, but her hair was a confection of white-blond curls, like a cloud of cotton candy"), coupled with the fast-paced, believable story line, makes for another delightful, entertaining read. --Rebekah Warren, Bestsellers editor
